

## ilepo 2025 3 in 1 wireless charger WC-258

### Hot Selling Point

- ilepo three-in-one wireless charger is widely compatible. The entire iPhone series supports fast charging, and 11/X/8 can also rotate automatically. Samsung S6 to S9 series support 10W fast charging in any direction, and is compatible with other 5W wireless charging mobile phones.
- This charger has a strong output power, with a total output of 15W + 10W + 7.5W + 5W. Combined with the compatible DC5V/2A, 9V/3A adapter, it can quickly replenish power for the device, greatly saving charging time. It can charge multiple devices at the same time to meet the charging needs of users for multiple devices and avoid the cumbersomeness caused by multiple chargers.
- The charger uses a tempered glass surface and ABS+PC material, which not only improves the texture of the product and makes it more durable, but also has good heat dissipation performance to ensure a safe and stable charging process. Built-in motor and touch button, easy and sensitive operation. At the same time, it has seamless magnetic alignment technology, which automatically aligns during charging, enhances charging stability, and avoids low charging efficiency caused by position offset.
- The product comes with a Type-C (C to C) data cable and a product manual. The net weight and packaging design of the product are reasonable, and the outer box size is suitable. One box can hold 40 pieces, which is very suitable for personal use or gifts.
