

ilepo 2025 50W Multiple Charger 4C+4A W-211B

Hot Selling Point

This 50W 10-port USB charger supports AC100-240V wide voltage input, which can be easily used at home or on the go. Each port provides a stable 5V output (1A-2.4A) to meet the fast charging needs of multiple devices. Its compact and portable design (136*60.5*33mm) and 1.5-meter power cord bring you a more flexible use experience. Equipped with a variety of plug options (US, EU, UK), so that cross-border use is worry-free

- Ten-port charging, double efficiency: It can charge ten devices at the same time, completely solving the charging troubles of multi-device users.
- Cross-border compatibility, travel essential: Supports a variety of voltage and plug options, allowing you to easily cope with the power environment of various countries during your trip.
- Efficient and fast charging, saving time: The maximum output current of each port can reach 2.4A, quickly charging the device and improving life efficiency.
- Compact and portable, charging anytime, anywhere: The perfect combination of lightweight design and 1.5-meter power cord makes the charger more flexible and easy to use.
- Simple and stylish, enhancing the beauty of space: The white appearance and elegant design complement each other and are suitable for any scene.
- High-quality manufacturing, durable: Fine craftsmanship and high-quality materials are used to ensure long-term and stable use.
