

iLEPO 260W 8-Port USB-C Fast Charging Station W-519

Hot Selling Point

- This 8-port desktop charging station delivers a massive 260W total output, making it the ultimate solution for charging multiple devices at once. With dual PD fast-charge ports (140W + 100W), it effortlessly powers laptops like the MacBook Pro (up to 28V/4A) while simultaneously fast-charging smartphones, tablets, and more.
- Equipped with PD3.0, QC3.0, and multi-protocol support, this charger intelligently detects connected devices—whether iPhone, Samsung, Huawei, or Xiaomi—and delivers the fastest, safest charge possible. The 3x USB-C + 2x USB-A ports ensure broad compatibility, while the 15W Qi wireless pad lets you charge wirelessly with ease.
- Measuring just 125mm wide, this compact charger keeps your desk clutter-free without sacrificing power. Built with flame-retardant ABS+PC materials, it stays cool under heavy use. The included 1.2m detachable cable and global voltage (100-240V) support make it perfect for home, office, or travel—with US/EU/UK/AU plug options available.
- Advanced circuitry prevents overheating, overcharging, and short circuits, ensuring reliable 260W max output across all ports. Whether you need to charge a laptop, phone, wireless earbuds, or tablet, this station does it all—fast, smart, and safely.
