

iLEPO charging 80W 8-Port Desktop Charging Station 2C+6A W-520

Hot Selling Point

- The W-520 stands out as the ultimate charging hub with its industry-leading 80W total output, intelligently distributed across 8 charging ports to meet all your power needs in one compact station. What truly sets it apart is its smart adaptive charging technology - the system automatically detects connected devices and dynamically allocates optimal power, whether you're charging two laptops at full speed (30W+30W), powering up a laptop and phone simultaneously (30W PD + 20W QC), or juicing up multiple mobile devices (20W x 4 ports). This intelligent power management ensures every connected device - from your MacBook to your AirPods - charges at its maximum possible speed without any manual adjustments.
- Designed for today's multi-device lifestyles, this compact hub combines dual 45W USB-C PD ports (perfect for fast-charging your MacBook or iPad Pro) with six 20W USB-A QC 3.0 ports (ideal for iPhone, Samsung Galaxy, and tablets), plus a convenient 15W Qi wireless charging pad for your AirPods or smartphone.
- Built with flame-resistant ABS+PC material, this durable charging station is both compact (100×84×51mm) and travel-ready, featuring interchangeable US/EU/UK/AU plugs that work worldwide (100-240V). Whether at your home office, on your nightstand, or during business travels, the W-520 eliminates cable clutter while delivering maximum charging efficiency for all your essential devices.
- The smart choice for professionals, families, and travelers who demand fast, reliable charging without the hassle of multiple adapters. With the W-520, you're always fully charged and ready to go!
